DETAILED ACTION

Allowable Subject Matter

1. Claims 9 and 2-5 are allowed.

The following is an examiner's statement of reasons for allowance: The primary reasons for the indication of the allowability of claims 9 and 2-5 are:

Regarding claims 9 and 2-5, the prior art does not teach or fairly suggest in combination with the other claimed limitations a housing for an electronic device comprising means including respective snap formations on the parts fittable together only in the closed position in a condition of one of the parts bearing with prestress on the other part for securing the parts together against separation, one of the snap formations being elastically deformable transversely of an opening direction into and out of latching engagement with the other of the snap formations.

This limitation is found in claims 9 and 2-5, and are neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
